

**412-4630**

**PETITION TO THE HONORABLE GOVERNMENT OF CANADA**

We, the undersigned citizens of Canada

who now avail themselves of their ancient and undoubted right thus to present a grievance common to your Petitioners in the certain assurance that your honourable House will therefor provide a remedy, humbly sheweth our belief that there is sufficient doubt about the omissions and inconsistencies in the official United States of America 9/11 Commission Report to show that 9/11 was an act of **state sponsored terrorism**. Foremost, the official United States of America 9/11 Commission Report omits new **forensic evidence of the use of explosives** that might have been the **actual cause** of the destruction of the World Trade Center Twin Towers and the collapse of the third World Trade Center **Building 7**. And, as a result, Canada now being a partner with the United States of America in the Global War of Terror, therefore has a **responsibility to verify** the findings of the United States of America 9/11 Commission Report **before committing our military and other resources to the conflict**.

THEREFORE,

Your Petitioners pray for the Government of Canada to conduct a

**PARLIAMENTARY REVIEW**

of the omissions and inconsistencies in the official United States of America 9/11 Commission Report and of the new forensic evidence listed below. Your petitioners pray that the Government of Canada hear our policy recommendation to protect Canadians against **future acts of state sponsored terrorism**.

The **new forensic evidence** includes, but is not limited to:

- Total destruction of buildings with pulverization of concrete floors - proceeding symmetrically through the path of the greatest resistance - at nearly free-fall acceleration;
- Several tons of molten iron/steel found in the debris piles of all 3 high-rises and billions of previously molten iron microspheres in all of the WTC dust;
- Nano-thermite composite incendiaries discovered throughout the WTC dust.
- DVD Material entitled: "9/11: Blueprint for Truth" by AE911Truth.org
- The peer-reviewed paper Active Thermitic Material Discovered in Dust from the 9/11 World Trade Center Catastrophe, by Niels H. Harrit, et al. posted at the Bentham Open Chemical Physics Journal.

Your Petitioners pray for the Government of Canada to conduct a **parliamentary review** using advice from **citizens groups** and **expert witnesses** in the **field of 9/11 studies** in order to protect Canadians against **future acts of state sponsored terrorism** and ensure that our **military resources** are spent properly.

Your petitioners, as in duty bound, will ever pray,

The Undersigned

## Public Safety Canada (PS)

The horrific attacks of September 11, 2001, were perpetrated by the terrorist group al-Qaeda. Thousands of innocent people lost their lives, including 24 Canadians. Terrorism remains a real and serious threat to Canadians, which is why we must remain vigilant. The Government is working to strengthen the tools available to the police and intelligence community to better keep Canadians safe. The Government will not tolerate the waste of taxpayer dollars by studying conspiracy theories.

## **Sécurité publique Canada (SP)**

Les attentats horribles du 11 septembre 2001 ont été perpétrés par le groupe terroriste al-Qaïda. Des milliers d'innocents y ont perdu la vie, dont 24 Canadiens. Le terrorisme demeure une menace importante et bien réelle pour les Canadiens, c'est pourquoi nous devons rester vigilants. Le gouvernement travaille à renforcer les outils mis à la disposition des policiers et du milieu du renseignement afin de mieux protéger les Canadiens. Le gouvernement ne tolérera pas le gaspillage de l'argent des contribuables en étudiant des théories du complot.
